NB Start marshalling may have to take place downstream of Railway Bridge if tide is low. Seek local advice if in doubt

## Course Details and Local Rules for the North East Regatta

The rules of *Scottish Rowing* apply at this regatta.

Packs of bow-slot numbers will be issued to clubs on arrival. Any missing numbers will be charged at £5 per item and clubs must accept this arrangement as a condition of entry.

The first named crew will take the City Station (opposite the Boathouse), the second named crew will take the Boathouse Station.

Crews must boat facing upstream. Please be careful going under the Suspension Bridge as the river is narrow here and you must watch out for crews racing downstream and **give way to them if necessary**.

Crews must keep to the Boathouse side of the river on the way up to the start.

**WARNING:** At low tide it may not be safe to pass through the Railway Bridge - seek local knowledge if in any doubt. Proceed upstream through arches 4-6 of the Railway Bridge and downstream through arches 2 or 3.

There is a large tree stuck in arch 1 of the Railway Bridge so avoid this arch.

The **start marshalling area** will (if tide allows) be just upstream of the Railway Bridge.

Crews should report to the start marshal at least **4 minutes before their race** and then keep in touch with them.

The start is free and, in view of the downstream current, manoeuvring at the start should normally be done by backing down.

Crews should ensure that their boat and blades pass on the appropriate side of any buoys or course markers. Failure to comply with this rule could result in disqualification.

There are guidance markers hanging from the upstream side of the Suspension Bridge and the downstream side of the QE Bridge. These are colour-coded as noted on the maps.

There is a line of buoys near the finish but these do not represent the exact finish line and crews should not stop racing until instructed by the finisher. The course is straight and **crews should not 'cut the corner'** near the finish. Crews should finish towards the City side of the river.

After finishing, all crews should turn and approach a landing area as soon as possible especially if their boat or members are required for other events.

We do not have permission to row below the Victoria Bridge (downstream of the Boathouse). Any crew violating this rule risks being disqualified and/or sunk.

# Handicapping for Masters Events

A handicap system will operate in all Master events. Masters crews must declare their status **in writing** to the secretary at least 30 minutes before their first race, otherwise they will be assumed to be Masters A (no advantage).

The following tables gives an **indication** of advantages for both courses. These may vary depending on conditions on the day. They are based on the standard time for a Mas A FISA World Masters crew in each category. It is based on the tables produced by Dan Davidson in May 2016.

## HANDICAPPING WILL TAKE PLACE AT THE *FINISH*

Crews will start level, as usual, and the time differential between the first and second crews will be measured as they cross the finish line. If this time is less than the previously intimated handicap, then the crew which was second over the line will be deemed to have won the race. We will try to group similar ages of competitors together but, where this is not possible, we will apply the full handicap applicable, even if this exceeds the previous recommendation of three categories.

# Notes from last year's North East Regatta

10 – 11 May 2025

Lovely sunny weather on both days with a tailwind down the course. The wind was brisk on Saturday and did cause difficulties for some less-experienced crews near the Suspension Bridge. We managed to start and finish ahead of time both days and part of this efficiency was the generous helping of SR Umpires who volunteered to assist - many thanks to them.

Saturday racing had two memorable events; The first was the final of the well-contested Masters Single Sculls event which featured the two oldest competitors (70 and 79 year of age). This battle of maturity produced a dead heat! The organisers did offer to award a medal to both, but the finalists elected for an immediate rerow and this was won by the younger contestant. He claimed to be the only winner of a 1400m race that day!

The second memorable incident resulted when an experienced member of an ABC Womens 4+ caught a massive crab resulting in her ejection from the boat. Rescue services quickly got her to shore with some bruising the only physical injury in addition to her battered pride. She recovered well enough to race the following day using dark glasses to hide her dramatic black eye!

Sunday had fewer dramas except for the relative rarity of ASRA *not* winning the Championship of the Dee award. Congratulations to ABC who achieved this.
